LV-HRC Network Switch Fuse NH-00, 1-phase, for Insulated Overhead Lines (ABC)

Application:
For insulated bunched cable systems or bare overhead lines. To be installed on cross arms, with bracket on a mast, on roofs or with special strain plate as a strain isolator. To be protected by single phase consumer terminals or as an isolator with a special solid link.

Material:

- Weatherproof housing: black, made of robust UV, age-resistant high-quality fibre glass-reinforced polyamide.
- Contacts: tin-plated copper
- Terminals: Al alloy
- Steel parts: hot-galvanized

Picture may vary.

Technical Data

Article no.		350 255 001
Conductor cross section incoming	(mm^2)	1 x 6 - 95
Conductor cross section outgoing	(mm^2)	1 x 6 - 95
Torque	(Nm)	12
Rated current with NH-fuses max.	(A)	160
Rated current with switch blades max.	(A)	245
Utilisation category		AC 21 B
Protection Type		IP 23
