

Compression Connector Al/Mg/Si

for full-tension connections of Aldrey cables in accordance with DIN 48201, Part 6.

Material, Surface:

Al uncoated

Picture may vary.

Technical Data

Article no.	301 042 042
Type	Guaranteed tensile strength Al / Mg / Si
Conductor cross section	(mm ²) 35
Diameter of conductor	Ø (mm) 7,5
Material	Al
Surface	uncoated
Code number	14
Number of compressions, mech. St	8-8
Number of compressions, mech. / hydr. narrow / hydr. wide	8-8 / - /
Blind hole	no

Dimensions

Dimension D	d (mm)	8
Dimension L	(mm)	140
