

# High-Voltage Line Clamp P8D

PFISTERER offers a comprehensive range of phase connection clamps for earthing and short-circuiting devices. Depending on the version, these phase connection clamps are designed for connection to overhead lines or in switchgear.

## Technical description:

- Stainless steel A2 screw spindle
- Reliable contact between terminal and conductor
- Compact and robust design
- Easy handling
- Matching earthing rods available in all versions
- Connection to earthing and short-circuiting device with screw M12

*Picture may vary.*
