

# Hydraulic Battery-Operated Crimping Tool PressMax-C14

This powerful battery-powered hydraulic crimping tool uses standard C-shaped crimping dies to crimp cable lugs and connectors up to 400 mm<sup>2</sup>, even wide crimps facilitate the crimping process. In its versatility, the battery crimping tool is used in power supply companies, municipal utilities, industrial cable assembly or wind energy.

## Benefits:

- 18 V Li-Ion rechargeable battery technology: Always powerful with short charging times
- Time saving through wide pressing up to 300 mm<sup>2</sup>
- Efficient due to selectable automatic return

## Scope of delivery:

- Hydraulic Battery-Operated Crimping Tool PressMax-C14 with battery 18 V / 5 Ah, battery charger, carrying strap and transportation case

Picture may vary.

## Technical Data

<b>Article no.</b>	<b>305 909 026</b>
<b>Type</b>	<b>PressMax-C14</b>
<b>Rotatable Compression Head</b>	<b>180°</b>
<b>Compression force</b>	<b>(kN) 140</b>
<b>Compression width</b>	<b>(mm) 14</b>
<b>Stroke</b>	<b>22</b>
<b>Crimping range Al/Cu according to DIN 48083</b>	<b>(mm<sup>2</sup>) 10 - 400</b>
<b>Crimping range ACSR cables</b>	<b>(mm<sup>2</sup>) 16 - 340 / 2.5 - 40</b>
<b>Crimping range prerounding</b>	<b>(mm<sup>2</sup>) 16 - 300 SM, 25 - 300 SE</b>
<b>Crimping range H-/C-clamps</b>	<b>(mm<sup>2</sup>) 50 - 120</b>
<b>Crimping range double crimping cable lugs</b>	<b>(mm<sup>2</sup>) 50 - 120</b>
<b>Weight</b>	<b>(kg) 4,8</b>
