

Insulated tap connector

for insulated copper conductors. The contact edges, embedded in an insulating casing, cut through the insulation of main and tap conductors.

Material:

contact edges: brass (CuZn), tin-plated

Insulating casing: plastic

Picture may vary.

Technical Data

Article no.		332 162 162
Cross section of main conductor	(mm ²)	1,5 - 10
Conductor cross section Cu solid circular	(mm ²)	1,5 - 10
Cross section of tap conductor	(mm ²)	1,5 - 10
Screw		M5

Dimensions

Width	(mm)	23
