

# Telescoping earthing pole, 2-piece

Earthing poles for railway systems, in two-piece design. The upper section of this earthing pole is continuously adjustable. A slider enables the connection between the earthing pole and the contact wire earthing terminal to be locked. The earthing pole can thus be used to mark the work site.

## Technical description:

- Aluminium operating head for contact wire earthing terminals held by spindle and cross-pin.
- Operating head with roller locking device allows the earthing pole to be easily attached / detached from the contact wire earthing terminal.
- Robust construction for use in Railway applications.

## Technical Data

<b>Article no.</b>	<b>362 744 744</b>
<b>Application</b>	two-part
<b>Length range</b>	(m) 2,6 - 5,0
<b>Material</b>	Fibreglass reinforced polyester

## Dimensions

<b>Total length</b>	<b>L<sub>0</sub> (mm)</b>	<b>5000</b>
<b>Transporting length</b>	<b>(mm)</b>	<b>2660</b>
<b>Insulating length</b>	<b>L<sub>1</sub> (mm)</b>	<b>500</b>
