

Insulating Pole

This insulating pole is suitable for use on **installations** with nominal voltages **up to 110 kV**. It consists of a handle, a hand protection disc, an insulating part, a limiting disc and an operating head.

Technical description:

- Operating head with roller locking device
- Suitable for indoor and outdoor use, but not in rain or snow
- Red ring as visible limit of penetration depth
- Limiting disk as hand guard
- Insulating poles made of yellow fibre-glass reinforced polyester tube

Picture may vary.

Technical Data

Article no.	363 815 818	
Application	Insulating pole	
Nominal voltage	U _n (kV)	110
Rated voltage U_r	U _r (kV)	123

Dimensions

Total length	L _G (mm)	3038
Transporting length	(mm)	3038
Length of insulating element	L _I (mm)	1300
Length of handle	L _H (mm)	800
Diameter of insulating element	d (mm)	43
