

## Operating Pole, Telescopic, Three-Part

This telescopic insulating operating pole with branch saw is suitable to remove branches of voltage carrying parts up to 36 kV.

### Technical description:

- Work height of 2.9 – 8.9 m
- Insulating poles of 1m, 1.5 m or 2 m
- Safe insulation towards voltage carrying parts
- Robust branch saw with durable saw teeth
- Usable in rain and snow

Picture may vary.

### Technical Data

Article no.	364 172 006 00052	
Application	Operating pole, three-part, telescopic, with branch saw	
Nominal voltage	U <sub>n</sub> (kV)	36

### Dimensions

Total length	L <sub>0</sub> (mm)	6996
Transporting length	(mm)	2151
Length of insulating rod	(mm)	2151
Total length telescopic rod	(mm)	4385
