

Operating Pole, Telescopic, Three-Part

This telescopic insulating operating pole with branch saw is suitable to remove branches of voltage carrying parts up to 36 kV.

Technical description:

- Work height of 2.9 – 8.9 m
- Insulating poles of 1m, 1.5 m or 2 m
- Safe insulation towards voltage carrying parts
- Robust branch saw with durable saw teeth
- Usable in rain and snow

Picture may vary.

Technical Data

Article no.	364 172 006 00056	
Application	Operating pole, three-part, telescopic, with branch saw	
Nominal voltage	U _n (kV)	36

Dimensions

Total length	L ₀ (mm)	8496
Transporting length	(mm)	2345
Length of insulating rod	(mm)	2151
Total length telescopic rod	(mm)	5885
