

Universal earth connection clamp U5

PFISTERER offers a comprehensive range of earth connection clamps for earthing and short-circuiting devices. In different versions, these earth connection clamps are designed for various earth connection variants outdoors and in indoor installations.

Technical description:

- Compact and robust design
- Easy handling
- Connection to earthing and short-circuiting device with screw M12

Picture may vary.

Technical Data

Article no.	364 714 002	
Area of application	Switchgear, Overhead Line	
Max. cross section of connected cable	(mm ²)	150
Max. short-circuit current	I _k 1 s (A)	29600
for circular conductors	Ø (mm)	5 - 25
for ball pin	Ø (mm)	25 / 30
for T-bolt	Ø (mm)	20
for flat conductors	(mm)	2 - 25
Clamping range	(mm)	2 - 25
Clamping width	(mm)	50
Weight	(g)	902
