

Storage Bag, Type A1

This storage bag is used for the safe transport and dust-free storage of voltage detectors and insulating poles.

Technical description:

- Made of hard-wearing artificial leather
- Zip fastener
- Carrying strap

Picture may vary.

Technical Data

Article no.		364 887 002
Type		A1
Number of parts		1
Penetration depth of voltage detector	A _i (mm)	220, 393
Colour		sw/bw
Can be used for		KP-Test 5
suitable for		93010000300028, 93010000500028, 93010001000028, 93011000500028, 93011001000028, 93011001300028, 93011002000028

Dimensions

Length	(mm)	730
Height	(mm)	260
