

Cable Distribution Cabinet 181

Design:

The slide-in door is provided with a lock for a commercially available profile semicylinder. The two slide-in type front covers can be removed for easy cable assembly. The rear wall is provided with hole bars and press nuts permitting built-in equipment to be mounted at variable height.

Model 181

- a = Fixing distance
- b = Max. mounting width
- c = Max. mounting depth in the area of the lock
- d = Max. mounting depth outside the area of the lock

Picture may vary.
