

MV - Cable Peeling Tool, diameter 15 - 55 mm

For removal of the outer sheath (diameter range: 15 - 55 mm), peeling of the semi-conducting layer (diameter range: 15 - 49 mm) and chamfering of the conductor insulation.

Scope of supply:

- 827 951 004: outer jacket cutter for diameter over insulation 15 - 55 mm
- 827 951 005: peeling tool for fully bonded semi-conducting layer, diameter 15 - 49 mm
- 827 952 001: Edge cutter for up to 60 mm diameter across insulation

Spare parts:

- 827 951 002: spare blade for outer jacket cutter 827 951 004
- 827 951 003: spare blade for peeling tool 827 951 005
