

Coupling plug, incl. ground wire, compatible with size 2, 800 A, 42 kV

To connect (coupling) the busbar of SF₆-insulated switchgears.
Application only with CONNEX sockets size 2 with voltage tap which must always be earthed.

Picture may vary.

Technical Data

Article no.		839 004 004
Size		2
Max. system voltage	U_m (kV)	42
Nominal current	I_N (A)	800
Remark		Coupling plug, incl. ground wire
Weight	(kg)	4,3
