

ESF123-C31L

The flexible

The IXOSIL ESF is integrated into existing or new supporting structures. It is ideally suited for substation and flexible multiple-use applications in testing and temporary site cables.

- Quick and easy to install
- Oil and gas-free - leak-proof
- Maintenance-free
- 100% electrically individually tested
- Proven technology

Picture may vary.

Technical Data

Max. system voltage		123
Type of cable termination		dry, flexible
Applicable standards		IEC 60840
Conductor cross section	(mm²)	120 - 2000
Rated lightning impulse withstand voltage BIL	(kV)	550
Minimum creepage distance	(mm)	3075
Diameter over cable insulation	(mm)	46 - 115
