

One-piece slip-on joint MSA123-DOMG, 123 kV, with straight through connection

IXOSIL joints for permanent cable connections

The well proven slip-on technology permits fast installation and the secure connection of cables with extruded insulation with copper or aluminum conductors. Using the patented SICON bolted connector allows the conductor to be connected with optimal contact force and without special tools.

- Fast installation due to bayonet lock
- Simple slip-on technology, proven in many years of service
- Water-resistant housing
- Combination of different conductor materials (aluminum, copper)
- Main insulation: Silicone

Technical Data

Article no.	MSA123-DOMG	
Max. system voltage	U _m (kV)	123
Screen version	straight through connection	
Outer housing	plastic housing moisture sealed (polypropylene)	
Inner housing	metal housing (Cu)	
Applicable standards	IEC 60840	
Conductor cross section	(mm ²)	120 - 2500
Diameter over cable insulation - prepared	(mm)	46.0 - 122.0
Rated lightning impulse withstand voltage BIL	(kV)	550
